

## 2021 Accomplishments

### CSFP CELEBRATED 20 YEARS OF HOPE, OPPORTUNITY, AND SUCCESS THROUGH SCHOLARSHIPS

2021 was a special year for CSFP — it marked the organization's 20th anniversary. To celebrate, CSFP developed a series of yearbooks highlighting the organization's history to-date as well as celebrate the CSFP students, schools, families, and supporters who have gotten CSFP to where we are today.

The yearbooks feature CSFP champions, partner spotlights, alumni success stories, school highlights, and more.

### CSFP HONORED THE CLASS OF 2021 IN THE SECOND VIRTUAL SPOTLIGHT AWARDS CELEBRATION

For the second year in a row, CSFP hosted the Spotlight Awards in September 2021 virtually. This event celebrated CSFP's Class of 2021 and officially kicked off the scholarship application season for the 2022-2023 School Year. During this event, CSFP honored alumni, families, and teachers through the Rising Freshmen Awards, High School Achievement Awards, Family Engagement Awards, and Teacher of the Year Awards.

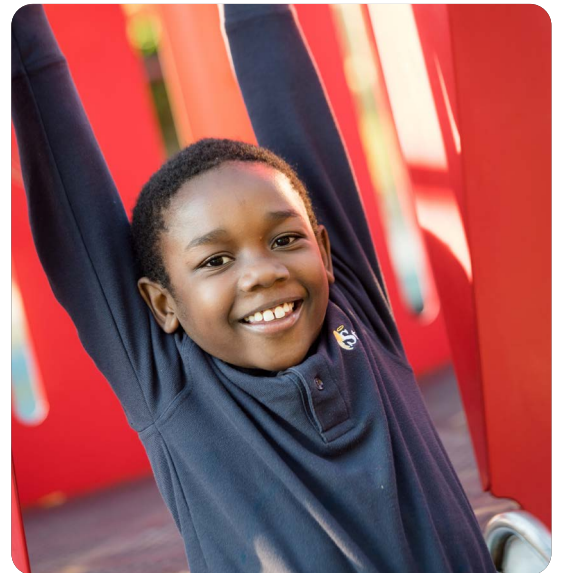

“FORTUNATELY, I HAVE PLENTY OF OPPORTUNITIES HERE, AND WITH RESOURCES LIKE THE CHILDREN’S SCHOLARSHIP FUND PHILADELPHIA, I KNOW I CAN DO ANYTHING. BECAUSE OF THE ABUNDANCE OF RESOURCES AND OPPORTUNITIES, **I HAVE NO LIMIT.**”

## 2021 Accomplishments *(continued)*

### CSFP AWARDED MORE NEW SCHOLARSHIPS THAN EVER BEFORE

As part of the 20th anniversary celebration, CSFP committed to award an additional 500 scholarships to families and students to attend schools of choice for the 2022-2023 School Year. The total number of available new scholarships increased 25 percent from 2,000 to 2,500 — meaning that CSFP provided 2,500 new scholarships for Philly Kids. This resulted in 5,400 scholarships for children to attend quality, safe schools of choice.

### CSFP ENHANCED THE PROGRAM AMBASSADOR INITIATIVE

In 2021, CSFP expanded the Program Ambassador (PA) program to offer professional development and leadership opportunities to CSFP parents. Historically, the PAs worked directly with families at their CSFP partner schools to share information, resources, and answer questions about CSFP scholarships.

With support from key donors like the Connelly Foundation and William Penn Foundation, CSFP empowered 31 PAs to offer school-specific support to families. CSFP provided seven PA training seminars in school selection, school communication, youth conflict resolution and mediation, and financial literacy. CSFP surveyed PAs who attended each workshop, and all attendees found the workshops to be valuable and would recommend them to CSFP families.
